

How to make a Sheep Snack

You will need:

- 1 graham cracker (digestive cookies also work)
- Cream cheese
- 1 blueberry
- 2 sprinkles
- A handful of mini marshmallows

Steps:

1. Spread some cream cheese on a graham cracker, you want it thick enough to be able to stick marshmallows and a blueberry to it later
2. Place a blueberry in the middle of your cream cheese-covered graham cracker with the pointy parts down (the circle part at the bottom of the blueberry will be the sheep's nose)
3. Dip the 2 sprinkles into some cream cheese and stick them onto the blueberry (these will be the sheep's eyes)
4. Start sticking mini marshmallows all around the blueberry to make the sheep's "wool"
