

How to make a Lent box!

- 1. Colour in your box and decorate it! Feel free to add stickers or write where you would like to donate your money**
- 2. Carefully cut out your box without cutting any of the tabs off**
- 3. Fold in the tabs, then fold the sides of the box to get the right shape before adding glue**
- 4. It may help to mark off which side will be the top so that you do not glue it down**
- 5. If you would like to add a slit in the top to put coins in, fold the square that you want to be your top in half and cut out a small rectangle**
- 6. Add glue to the tabs (except for the tabs on the top of the box)**
- 7. Connect all the sides together with the tabs that have glue on them and hold them together until they stick**
- 8. Start collecting money in your box to donate it at the end of Lent!**

Send a picture of your box to stphilipsbiblebunch@gmail.com

Example of which way the box can be put together. Glue should be added to the coloured tabs:
